COZY ZONE

Okay, it's time to get "Hygge" with it. (Actually pronounced hue-gah.) This quiet trend asks us to hunker down with the coziest of creature comforts. Dare to be a bit Danish with this tradition steeped in hot tea, good books, one-pot meals, chunky knits, slippers & socks, flannel & fur, and friendly conversation. This fad is not fleeting, so take some time and... just breathe.

DON'T
WORRY
BE#HYGGE
